## SWISS EMBROIDERIES

At 12½c a Yard.

Until yesterday these Hamburgs and Insertions were never opened—in fact, the importer hadn't even seen them, only the samples.

They made us a price if we would take the lot before they landed from Switzerland, and here they are today—the season's best Trimmings, fresh and crisp—THIRTY-TWO HUNDRED YARDS OF THEM to sell for about one-half their value.

There are fine Embroidered Edges from four and one-half inches wide to the pretty Eyelet Flouncings, thirteen and fourteen inches wide—many of them the equals of Embroideries that sell for 30c a yard.

By all odds the most attractive offering we have ever seen, and if we equal our anticipations every yard will be sold before Saturday night. Large as the lot is, it won't last long. And think of the price,

## Educator Shoes!

For Misses and Children!

Many Children's Shoes force the pliable, growing bones and muscles of the feet into unnatural shapes.

Educators correct this fault by being built on nature-shaped lasts, which give the foot perfect freedom, at the same time giving it the proper support.

The oak soles provide lightness, flexibility and wear, while the upper leathers are the highest grade.

We have incorporated some original and exclusive patterns in our Educators this Spring, with the result that they are better than ever, both in appearance and wear.
